

FOREWORD

This manual, together with the following manuals, provides guidance, standards, and technical information to personnel concerned with the protection and management of Natural Resources at Department of Defense installations:

Land Management—TM 5-630, AFM 126-2, and NAVFAC MO-100.1

Fish and Wildlife Management—TM 5-633, AFM 126-4, and NAVFAC MO-100.3

Outdoor Recreation and Cultural Values—TM 5-635, AFM 126-5, and NAVFAC MO-100.4

Advice concerning any procedure within this manual may be obtained from:

- a. Department of the Army—Office of the Chief of Engineers (DAEN-MPO-B)**
- b. Department of the Air Force—Directorate of Engineering and Services AF&LEEV.**
- c. Department of the Navy—Naval Facilities Engineering Command (2042) or its Geographic Engineering Field Division (243).**

Recommendations or suggestions for modification, or additional information and instructions that will improve the publication and motivate its use, are invited and should be submitted through appropriate channels to the addresses listed above.
